Front-end Developer

+1 (647) 767-9504 | tannusewrtton@gmail.com | Toronto, CA

PROFESSIONAL SUMMARY

Frontend-focused web developer with a passion for design. During my 4+ years in website development field, I have had the opportunity to strengthen my knowledge of front-end languages and frameworks, including Angular, Ionic, React, Ruby on Rails and countless other frontend and backend frameworks and tools, but I spend most of my time dealing with HTML, Javascript and CSS/SCSS. I'm self-motivated so I can work alone but also have great interpersonal skills that make it easy to work with a team both inside and outside the company.
