PROFESSIONAL SUMMARY

Dedicated Front-end Web Developer with over 4 years of experience in the ever-evolving world of web development. My passion for design fuels my drive to create visually appealing and user-friendly digital experiences.

Throughout my career, I've honed my expertise in various frontend technologies, including React, React Native, Ionic, AngularJS, Gatsby, Node.js, and various other frontend and backend frameworks and tools. While I'm well-versed in a multitude of technologies, my primary focus remains on HTML, JavaScript, and CSS.

My self-motivation allows me to excel while working independently, and my interpersonal solid skills facilitate seamless collaboration within cross-functional teams, both within and outside the organization.

I'm eager to leverage my skills and experience to tackle exciting front-end challenges and contribute to cutting-edge projects. Let's connect and explore opportunities to create exceptional web experiences together.
